

Editorial Programme 2019

January-February	March	April	May	June
<p>Finance & leasing Our annual scrutiny of the aviation leasing business taps into the vast information bank in Flight Fleets Analyzer's database as well as the finance expertise of the Flight Dashboard news team. It includes a survey of the leasing sector and developments influencing aircraft values and financing.</p>	<p>Marketing, services & products As airlines take greater strides in the digital world, we examine some of the smart strategies that are being implemented. We also take a look at areas such as distribution, loyalty schemes, and wider branding issues, and chart the role that new technologies and cabin innovations are playing in passenger services.</p>	<p>Aircraft & engines We analyse the aircraft and engine markets and crunch the numbers with help from the Flight Fleets Analyzer database. We highlight the big airline spenders and scrutinize the global order book. The engine market is also surveyed, along with the latest developments in new airliner programs</p>	<p>Airports (traffic) This annual assessment of the airport sector examines the traffic situation. The latest developments in airport networks and consolidation are assessed, and we rank the leading airports by passenger traffic. We also look at the way airports are exploring new opportunities as they gear up for expansion.</p>	<p>Low-cost carriers This influential traffic and financial survey of the leading low-cost and leisure players highlights the sector's winners and losers. As the low-cost airline model constantly evolves, we examine how that gap to the legacy carriers is closing and the different dynamics playing out around the world.</p>
<p>Ranking: Top 50 lessors (by fleet value)</p> <p>Focus: Outlook 2019: What does the year hold?</p>		<p>Market analysis: Mainline aircraft deliveries & orders; engine markets</p>	<p>Ranking: Top 100 airports by traffic</p>

Editorial Programme 2019

July-August	September	October	November	December
<p>World Airline Rankings Our annual financial index of the world's airline groups examines the world's Top 150 airline groups by revenue and the top 200 passenger operations. This issue also explores the findings of the industry's yearly technology benchmark, the Airline IT Trends Survey produced in conjunction with SITA.</p>	<p>Networks & partnerships We scrutinise the evolving links between the world's top carriers, exploring the competitive position of the three major alliances and the relationships being forged by a growing number of airlines outside the groupings. We also examine the latest developments and innovations in airline networks across the world.</p>	<p>Cargo & regional carriers This package focuses on an assessment of trends in the cargo and regional airline sectors, examining key themes in fleet development and business strategy. We also rank the top cargo carriers.</p>	<p>Airports (strategy) In this second airport report we rank the leading groups by revenue. We also look at the latest innovations in airport management strategy.</p>	<p>Maintenance This annual survey of the overhaul sector examines the level of airline maintenance spend and includes a guide to the leading providers with airframe and engine repair capabilities. We also highlight the latest MRO strategies.</p>
<p>Rankings: Top 100 airline groups (finance) Top 100 passenger airlines (traffic)</p>		<p>Ranking: Top 50 cargo operators by traffic and revenue</p>	<p>Ranking: Top 100 airport groups by revenue</p>	<p>Focus: Airline and Airport IT Trends Survey</p>
